

Would you like to have just one log in for all @chubb applications?

This feature will enable you to “link” the following applications to your @chubb User ID:

- For Personal Lines:
 - Abiz/PLS
 - ORCA (Recreational Marine)
- For Small Commercial:
 - Fast Track
 - International Advantage.net

Once you link your ID:

- You can select Abiz, PLS, or ORCA from @chubb and you will be brought directly into the application without being prompted to log in again.
- You can select “Small Commercial Insurance” from @chubb and then “Obtain a quote via Fast Track” or “Obtain an International Advantage.NET quote” from the Small Commercial Insurance Solution Center and you will be brought directly into the application without being prompted to log in again.

Read on to see how you can do this in just 3 easy steps...

1) When you login to @chubb, you will be presented with a new pop-up window:

If you have Abiz/PLS credentials, you can enter them and select **Link Account**.
Note: Link the Abiz ID that you use most frequently.
 Once you link your Abiz/PLS credentials, you'll no longer get the pop-up.

If you use the following @chubb applications:

- ORCA (Recreational Marine)
- Fast TrackSM
- International Advantage.NET

Your current status is: Unlinked

Enter User ID

Enter Password

If you have ORCA (Recreational Marine) or for Small Commercial, Fast Track or International Advantage.NET credentials, you can enter them and select **Link Account**.

3) When you select the **Link Account** button, your credentials will be verified and when validated, you will receive a message.

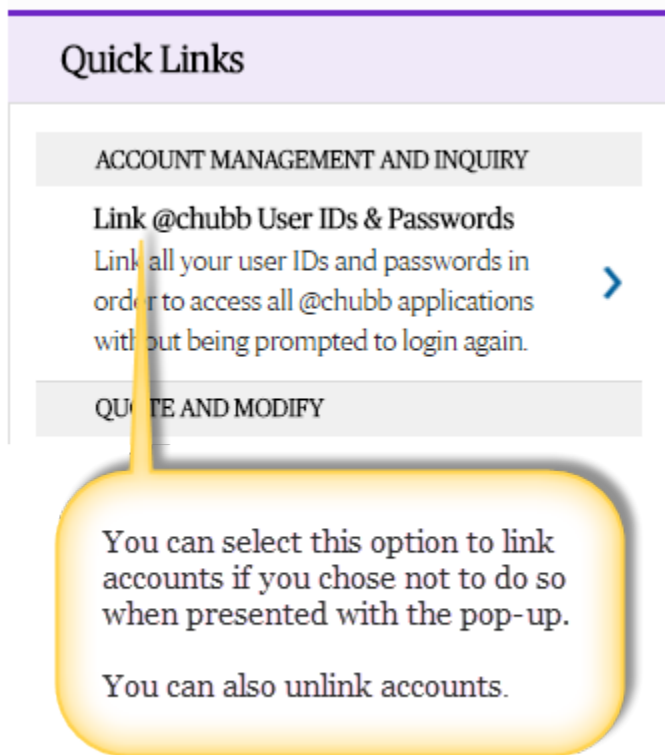

The screenshot shows the @chubb website interface. At the top, there are navigation links: Chubb.com, Report a Claim, Forms & Applications, Help, Site Feedback [+], and a user welcome message: Welcome sso5smallcomm11. Below this is the @chubb logo and navigation tabs for Business, Personal, and Claims. The main content area is titled "Link Accounts" and includes instructions on how to link accounts. A callout points to the "@chubb Home" link, stating: "Select this link to return to the @chubb Home page." Another callout points to a message box that says: "You will receive a message when you successfully link your account(s)." Below this, there are two account entries. The first entry shows "Your current status is: Linked" and "User ID sso5st6" with a button to "Unlink this Account". A callout points to this status message, stating: "'Your current status is' will reflect if the account is 'Linked' or 'Unlinked'." The second entry shows "Your current status is: Linked" and "User ID ftest12" with a button to "Unlink this Account". A callout points to the "Unlink this Account" button, stating: "You have the ability to 'Unlink' an account." A green success message at the top of the account list reads: "Your request has been successfully processed."

That's all there is to it!

Just click on the **@chubb Home** link to return to the @chubb Home page. Now when you select these applications from @chubb, you will be brought directly into the application bypassing additional log in screens.

Bonus: This is a **"once and done"** feature - the next time you log in to @chubb, you will be able to launch an application without the need to enter additional credentials.

If you selected “Not Now” or chose the link in “If you do not wish to see this window again” from the pop-up and decide at a later time to link your accounts, simply select **Link @chubb User IDs & Passwords** from Quick Links and you will be presented with the Link Accounts page.
