Not all cellars are stocked with cases of the Napa Valley's industry-shaking 1992 Cabernet Sauvignon

Whatever treasures you have, we know just how precious they are.

Which is why, when one of our clients came to us following a flood in their cellar, we knew to look beyond the damp.

The water had removed the labels on their wine collection, making it impossible to tell which bottle was which.

So we worked with a specialist team to identify the great from the absolute greatest. All without opening a single bottle.

Not all watches are a 1964 Swiss-made 9ct gold masterpiece with dauphine hands and an original dial

Whatever treasures you have, we know just how precious they are.

Which is why when one of our clients hurried through security to catch the red eye, and left behind a beloved family watch - we acted fast.

Our global network of special partners meant we could reach out to investigators in New York, and search the depths of US customs. We tracked the watch down and returned it within a week. Hand delivered, of course.

5 reasons to choose Masterpiece*

1. Comprehensive protection

All your properties, content and valuables can be covered under one single policy with a single premium and renewal date.

2. Complimentary home appraisals

When you purchase a Chubb Masterpiece policy, we will arrange a personal home appraisal free of charge for properties valued over CHF 2'000'000. Our own team of expert risk consultants provides this unique in-house service to establish the rebuild cost of your property, and provide guidance on the sums insured needed for contents and valuable possessions, to deliver true peace of mind.

3. Covered wherever you are

Our flexible policy includes accidental loss or damage cover even while travelling, eliminating the need for separate personal effects cover.

4. Freedom of choice

Should your valuables be lost, stolen or damaged beyond repair, our 'agreed value' for specified items gives certainty about the financial consequences in the event of a claim. We'll pay you the full sum insured (not a depreciated 'market value') with no deduction for excess. We also provide unlimited repair cover and we will work with the suppliers or restorers of your choice.

5. Peace of mind

You have automatic cover for 'all risks' with almost no restrictive conditions.

*subject to the terms & conditions of your policy.
