Conditions

1. Premium

The premium is a lump-sum premium. Amount of the premium and its due date is set out in the **policy**. The premium, or an instalment or advance payment of premium, is considered as paid on the day when it is credited on the **insurer's** account stated in the **policy** or (in case no such account is stated in the **policy**) on another account duly identified by the **insurer** to the **policyholder** for that purpose. In case of default with payment of the premium, the insurance shall not be interrupted.

2. Inception of insurance

The Insurance begins on the day specified in the **policy** and the **policy period** is concluded for 12 months from the date of inception of the insurance unless agreed otherwise in the **policy**.

3. Termination of insurance

The Insurance will terminate:

- a) on the date the **policy period** expires;
- b) on the basis of written agreement between the **insurer** and the **policyholder**;
- c) by way of termination notice delivered by either party according to the **civil code**;
- d) by way of withdrawal according to the **civil code**;
- e) on the basis of a default of the **policyholder** with payment of the premium in accordance with the relevant provision of the **civil code**;

f) In other cases set out by the **civil code**.

4. **Change of the ownership of real property**

Insurance ceases to exist at the date of the change of (i) ownership of the **property insured**, or (ii) co-ownership of the **property insured**, on the basis of which the change of the ownership interest(s) in the **property insured** at least in the amount of 50 % or more is achieved. In case the ownership or co-ownership of the real property is acquired by a constitutive entry ("vklad") into the Land Register, the Insurance ceases to exist at the date when the decision on the registration of ownership or co-ownership of the new owner in the Land Register comes into force.

5. **Insurance Interest**

The Insurance can be concluded only if there is an **insurance interest** of the **policyholder**.

The Insurance can be concluded also on the **insurance interest** which arises in the future. However, if such **insurance interest** does not arise, the **policyholder** is not obliged to pay premiums.

If the **policyholder** knowingly insures a non-existent **insurance interest** without the **insurer's** knowledge, the **policy** is invalid; the Insurer, however, has right to the premium until he learns about invalidity of the **policy**.

The **policyholder** and the Insured shall inform the **insurer** in writing without undue delay about termination of the **insurance interest**. By termination of the **insurance interest**, this insurance is also terminated; the **insurer** has, however, the right to the premium until he learns about such termination.

The **policyholder** shall not, without the **insurer's** consent, do anything or allow any third person to do anything that may increase the **insurance risk**.

6. **Change and termination of the insurance risk**

The **policyholder** or the **insured** shall inform the **insurer** in writing without undue delay about change or termination of the **insurance risk** occurred during the **policy period**.

If the **insurance risk** is increased during the **policy period**, the **insured** has the right to propose amendment to the Policy or to terminate the Policy in accordance with the **civil code**.

If the **insurance risk** is substantially reduced during the **policy period**, the **insurer** shall reduce the premium proportionally with effect from the day when he learns about such reduction.

7. **Limit of liability for more insureds**

The **insurer's** total liability for any loss or losses will not exceed the **limit of liability** shown in the **policy** irrespective whether such amounts consist of insured losses sustained by all of the **insureds** or any one or more of the **insureds**. For the purposes of calculation of the indemnity, the **limit of liability** valid as of the time of occurrence of the **insured event** shall apply.

8. **Occurrence**

The term "occurrence" shall mean any one loss and/or series of losses arising out of and directly occasioned by one **act** or series of **acts of terrorism** or **acts of sabotage** for the same purpose or cause. The duration and extent of any one "occurrence" shall be limited to all losses sustained by the **insured** at the **property insured** during any period of 72 consecutive hours arising out of the same purpose or cause. However no such period of 72 consecutive hours may extend beyond the expiration of this **policy** unless the **insured** shall first sustain a **property damage** by an **act of terrorism** or an **act of sabotage** prior to expiration and within said period of 72 consecutive hours.

9. **Deductible**

Deductible agreed in the **policy** represents uninsurable participation of the **insured** in negative consequences of an **insured event** and shall be subtracted from the indemnity. The deductible may be agreed in the **policy** as amount, percentage, time or combined one. Partial deductibles may be agreed in the **policy**. Unless agreed otherwise in the **policy**, a deductible applies to any **insured event** and to each of them separately.

10. **Debris removal**

This **policy** also covers, within the **limit of liability** shown in the **policy**, expenses incurred in the removal from the insured location of debris of property stated in the **policy** damaged by an **act of terrorism** or an **act of sabotage**.

The cost of removal of debris shall not be considered in determination of the valuation of the **insured property**.

11. **Due Diligence**

The **insured** (or any of the **insured's** agents, sub or co-contractors) must use due diligence and do (and concur in doing and permit to be done) everything reasonably practicable, including but not limited to taking precautions to protect or remove the **insured property**, to avoid or diminish any loss herein insured and to secure compensation for any such loss including action against other parties to enforce any rights and remedies or to obtain relief or indemnity.

12. Protection maintenance

It is agreed that any protection provided for the safety of the **property insured** shall be maintained in good order throughout the currency of this insurance and shall be in use at all relevant times, and that such protection shall not be withdrawn or varied to the detriment of the interests of the **insurer** without the **insurer's** prior written consent.

13. Valuation

It is understood that, in the event of **property damage**, the obligation of the **insurer** to pay the indemnity shall be based upon the cost of repairing, replacing or reinstating (whichever is the least) property on the same site, or nearest available site (whichever incurs the least cost) with material of like kind and quality without deduction for depreciation, subject to the following provisions:

- a) the repairs, replacement or reinstatement (all hereinafter referred to as "replacement") must be executed with due diligence and dispatch;
- b) until replacement has been effected the amount of liability under this **policy** in respect of loss shall be limited to the **actual cash value** at the time of loss;
- c) if replacement with material of like kind and quality is restricted or prohibited by any by-laws, ordinance or law, any increased cost of replacement due thereto shall not be covered by this **policy**.

The **insurer's** liability for loss under this **policy** shall not exceed the smallest of the following amounts:

- a) the sum insured applicable to the destroyed or damaged **property insured**,
- b) the replacement cost of the **property insured** or any part thereof which was intended for the same occupancy and use, as calculated at the time of the loss,
- c) the amount actually and necessarily expended in replacing **property insured** or any part thereof.

The **insurer** will normally expect the **insured** to carry out repair or replacement of the **insured property**, but if the **insured** and the **insurer** agree that it is not practicable or reasonable to do this, the **insurer** will pay the **insured** an amount based on the repair or replacement costs, less an allowance for fees and associated costs which are not otherwise incurred. The **insurer** will only pay the **insured** up to the **limit of liability** shown in the **policy**.

14. Incorrect declaration penalty

If the sums insured as stated in the **policy** are less than the correct insured values as determined above, then any recovery otherwise due hereunder shall be reduced in the same proportion that the sums insured bear to the insured values that should have been declared, and the **insured** shall co insure for the balance.

15. Notification of Claims

The **insured**, upon knowledge of any occurrence likely to give rise to a claim hereunder, shall give written advice as soon as reasonably practicable to the **insurer** and or the broker, named for that purpose in the **policy**, who is to advise the **insurer** within seven (7) days of such knowledge of any occurrence and it is a condition precedent to the liability of the **insurer** that such notification is given by the **insured** as provided for by this **policy**.

If the **insured** makes a claim under this insurance he must give the **insurer** such relevant information and evidence as may reasonably be required and co-operate fully in the investigation or adjustment of any claim. If required by the **insurer**, the **insured** must submit to examination under oath by any person designated by the **insurer**.

16. Proof of loss

The **insured** shall render a signed loss notification form within sixty (60) days after the occurrence of a loss (unless such period be extended by the written agreement of **insurer**) stating the time, place and cause of loss, the interest of the **insured** and all others in the property, the sound value thereof and the amount of loss or damage thereto.

17. Subrogation

In the event that, in relation to any imminent or occurring **insured event**, a person entitled to indemnity, the **insured** or a person who has incurred the salvage costs, has a right towards someone for damages or any similar right, such claim (including its appurtenance, indemnity and security instruments, and other rights related to it) shall be as of the payment of the indemnity subrogated to the **insurer** up to the amount of any indemnity paid out by the **insurer** to the beneficiary. The **insured** shall execute all papers required, shall cooperate with the **insurer** and, upon the **insurer's** request, shall securing and giving evidence, attaining the attendance of witnesses and in the conduct of suits and shall do anything that may be necessary to secure such right.

18. Salvage and Recoveries

If after the occurrence the **policyholder** or any other beneficiary finds out that the lost or stolen **property insured** to which such occurrence relates has been recovered, he/she shall notify the **insurer** of such findings in writing without undue delay. The **property insured** however shall not be considered as recovered in case:

- i) its possession was lost and either cannot be regained at all or can be regained with disproportionate difficulties or costs only; or

- ii) the property was damaged to the extent that as such it ceased to exist, or can be repaired with disproportionate costs only.

In case the **insurer** has provided the indemnity after the occurrence, the ownership of the **property insured** shall not pass to him but he is entitled to regain what he paid out on indemnification. The beneficiary may however deduct the expenses reasonably spent on removal of defects occurred at the time when he/she was deprived of the opportunity to dispose with the **insured property**.

19. False or fraudulent claims

The general regulation of the refusal to provide indemnity from the **policy** is provided in the **civil code**. In addition, if the beneficiary shall make any claim knowing the same to be false or fraudulent, as regards amount or otherwise, or if the beneficiary conceals any substantial facts related to the **insured event**, the **insurer** may refuse to pay the claim for the indemnity under this insurance.

20. Misrepresentation

If the **insured** has concealed or wilfully or by negligence misrepresented or only partially presented any material fact or circumstance that is important for the **insurer's** decision on how to assess the **insurance risk**, and/or whether and under what conditions the **insurer** insures such **insurance risk**, the **insurer** may rescind this **policy** in accordance with the **civil code**. Other provisions of the **civil code** on rescission from the **policy** are not effected.

21. Inspection and audit

The **insurer** or their agents shall be permitted but not obligated to inspect the **insured's** property at any time. Neither the **insurer's** right to make inspections nor the making thereof nor any report thereon shall constitute an undertaking, on behalf of or for the benefit of the **insured** or others, to determine or warrant that such property is safe. The **insurer** may examine and audit the **insured's** books and records at any time up to two years after the final termination of this **policy**, as far as they relate to the subject matter of this insurance.

22. Assignment

Assignment or transfer of this **policy** shall not be valid except with the prior written consent of the **insurer**.

23. Deduction of receivables

The **insurer** is entitled to deduct from the indemnity due premium receivables or other receivables arising from the insurance.

24. Monetary payment

The **insurer** is obliged to provide the indemnity in no other form than in a monetary payment regardless of whether the relevant laws require or allow providing compensation for loss through non-monetary payment.

25. Notification of changes

The **policyholder** or the **insured** shall notify the **insurer** without undue delay of any change of ownership or co-ownership of the **property insured** which occurred during the **policy period**.

26. Delivery

The **policyholder** and the **insured** are obliged to notify the **insurer** of any change of their delivery address/es without undue delay.

27. The form of legal acts

Communications in writing sent under the **policy** shall be delivered to the address of a party set out therein or otherwise duly communicated to the sender. The addressee is obliged to ensure that a duly addressed communication is accepted by it within three working days after first due attempt to deliver. If the addressee thwarts delivery of the shipment (e.g. due to failure to notify the change of delivery address or new delivery address), such shipment is considered to be delivered at the third working day after its dispatch (or at the fifteenth day after the dispatch in case the delivery address is outside the Czech Republic).

Legal acts leading to the creation, modification or termination of the insurance shall be in writing. Other legal acts, notifications or communication relating to the insurance may also be in electronic form, unless provided otherwise by relevant laws, conditions or the **policy**. The written form is required in particular for the notification of the occurrence, notification of the change of the delivery address, for claiming indemnification, notification of the change or termination of ownership or co-ownership of **property insured**, notification of the change or termination of the **insurance interest** and for the notification of the change or termination of the **insurance risk**.

28. Pledge of the insured property

In case the **property insured** becomes a subject of pledge and the conditions under section 1354 of the **civil code** are met, the indemnity shall be paid out to the pledgee.

29. Exclusion of the statutory provision on acceptance of an offer with supplements or variations

Section 1740 paragraph 3 of the **civil code** regarding acceptance of an offer with supplements or variations shall not apply to the relationship between the **insurer** and the **policyholder**.

less any sum saved during the **indemnity period** in respect of such of the charges and expenses of the **business** payable out of **gross profit** as may cease or be reduced in consequence of the **property damage**, it being understood that:-

provided that, if at the commencement of the **property damage** the value in respect of **gross profit** declared in the **policy** is less than the sum produced by applying the **rate of gross profit** to the **annual turnover** (or to a proportionately increased multiple thereof where the Maximum **indemnity period** exceeds twelve months) the amount payable shall be proportionately reduced

2. Annual turnover

shall mean the **turnover** during the twelve months immediately before the date of the **property damage** to which such adjustments shall be made as may be necessary to provide for the trend of the **business** and for variations in or other circumstances affecting the **business** either before or after the **property damage** or which would have affected the **business** had the **property damage** not occurred, so that the figures thus adjusted shall represent as nearly as may be reasonably practicable the results which but for the **property damage** would have been obtained during the relative period after the **property damage**.

3. Indemnity period

shall mean the period beginning with the occurrence and ending not later than the maximum **indemnity period** (as detailed in the **policy**) thereafter during which the results of the **business** shall be affected in consequence of the **property damage**.

This condition shall not apply if no such payment shall have been made, or liability admitted, solely owing to the operation of a **deductible** in the said **policy** which excludes liability for losses below a specified amount.

2. Expenses to reduce loss

This extension also covers such expenses as are necessarily incurred (by the **policyholder** or, under conditions and in the scope specified in the **civil code** by another person) for the purpose of reducing loss under this extension (except expenses incurred to extinguish a fire), and, in respect of manufacturing risks, such expense, in excess of normal, as would necessarily be incurred in replacing any finished stock used by the **insured** to reduce loss under this extension; but in no event to exceed the amount by which loss under this extension is thereby reduced.
