Frequently Asked Questions

1. Will I still be eligible for cashless hospitalization under Accident and Emergency?

For Medical Services arising out of the context of an Accident and Emergency, if you want to be entitled to cashless hospitalization, Chubb Life shall subsequently receive the pre-authorization application form for such Medical Service on the next working day immediately after the day on which the Medical Service takes place. Cashless hospitalization will only be available if written approval is obtained from the Company before discharged from the Hospital.

2. Why was my application of cashless hospitalization not successful?

There may be a number of reasons why the application of cashless hospitalization could not be arranged, including but not limited to the following:

- a. The expense does not meet the definition of Medically Necessary or Reasonable and Customary charges as stated in the Policy provisions;
- b. The hospital is not on the list of Hospitals for this service;
- c. Insufficient information on the pre-authorization form, such as missing credit card details, insufficient admission information provided by the attending Registered Medical Practitioner;
- d. The admission falls under an exclusion in the Policy provisions;
- e. There is an overdue shortfall from a previous cashless hospitalization arrangement;
- f. The planned treatment to be received at a day case procedure centre or outpatient unit of Hospitals; and/ or
- g. No credit card authorization can be provided.

3. Are there any situations when I need to settle charges before discharge?

You may need to settle your Deductible or medical expenses not covered or any expenses in excess of the credit limit specified in the LOG at the Hospital before discharge.

4. Why would there be a shortfall?

A shortfall occurs when hospitalization charges incurred exceed the entitlement, or when a service listed in the invoice is not covered. An itemized list of charges will be attached with the shortfall notice.

5. How is a shortfall settled?

In case of a shortfall, a shortfall notice will be sent. The Policy Holder will have to pay the shortfall to us within 21 days from the date of the shortfall notice by cash, cheque or electronic payments, failing which the shortfall amount will be automatically charged to the designated credit card provided during the application of cashless hospitalization arrangement or will be recovered by us through any other means as we deem fit and appropriate. If for any reason the shortfall is not settled within 21 days, a shortfall reminder notification will be issued. All of the Insured Person's and your further claim reimbursements and the cashless hospitalization services will be temporarily suspended.
